Caddy Style Strap Box Supports

Caddy Style Strap Box Supports allow for easy mounting of boxes, conduit and runs of pipes

Their one piece, break-apart design is fully adjustable allowing for non-standard stud spacing, whilst an interlocking tab prevents accidental disassembly. They eliminate the need to search for wood joists or to add other wooden supports, saving both time and space. The brackets are marked for easy fitting, with measurements and pilot holes for precise attachment

Description

Finish: Pre-Galvanised Steel

Technical data supplied by the manufacturer

Sizes Available:

3032 1700 – 250mm-400mm [10"-16"]

3032 1701 – 400mm-600mm [16"-24"]
