### Base Support Frames

Base Support Frames provide an effective solution for mounting M&E services and air conditioning / refrigeration units on flat roofs. They are designed to provide stability and spread loads evenly across flat roof surfaces.

Key Benefits:

- Fast to install
- Compatible with all Unistrut type products
- Non drill system
- Allow for installation without penetrating roof membrane
- Support Feet include integrated anti-vibration pads

These are robust support solutions with a safe working load of 700kg.

Available in a size of: 1000 x1300mm (frame size not including the support feet).

Product Description	Complete Leg Assembly	Sliding Arm	Side Rails (mm)	Sliding Arms (mm)	Product Weight (kg)	Max S.W.L (kg)
Base Support Frames	4	2	1000	1300	32	700

Welding to ISO 9606-1

Galvanising to BS EN ISO 1461:1999

ISO 9001 Quality & ISO 14001

Environmental Certification Number 1753
