Armorgard DuctRack™ DR1

The Armorgard DuctRack range promotes safe and efficient storage and transportation. All while protecting the ducting and pipework on site.

With two different sizes certified to carry a total load capacity of 1 tonne in weight.

Featuring centrally fixed wheels that enable it to turn within its own footprint, and handles on each corner, whether you are operating with colleagues or on your own, the DuctRack makes lightwork of moving large loads around site.

Technical data supplied by the manufacturer

Additional Information

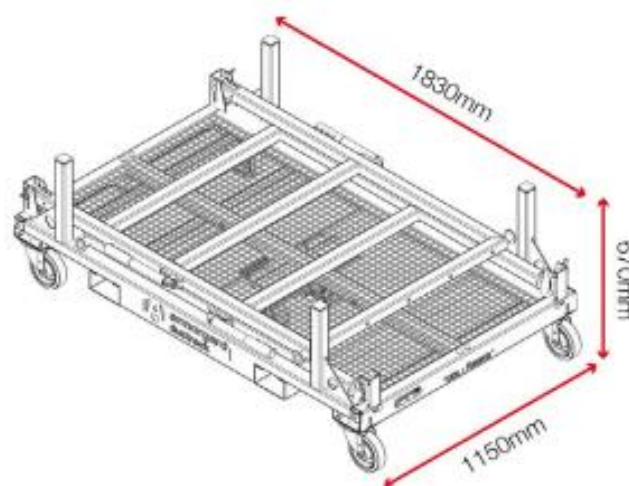

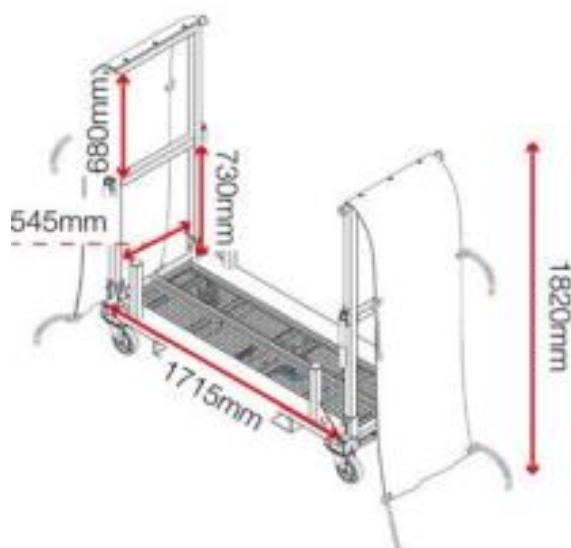

- Features the SafeStop dead-man braking system for ultimate user safety.
- Unit can be folded down and stacked when not in use.
- Specialised wheel layout ensures good stability and a compact turning circle.
- Optional shelf and side kits improve storage capacity.
- Includes 6" Heavy Duty Castors as Standard
